THOSE persons who are disposed to invest their money in the matrimonial and insurance schemes, before doing so are recommended to read the following notice given by the insurance company of this state:

The rapid spread of Speculative Insurance, under the guise of Birthday, Matrimonial and Endowment Insurance, on the Mutual or Co-operative plan, and the frequent appearance of the advertisements of such organizations of other states, in newspapers of this state, induces me, as the Insurance Commissioner of Kentucky, to thus publicly warn all persons against acting as agents of these fraudulent and illegal concerns in this state, under the penalty imposed by Insurance Laws, of fine and imprisonment, if not paid, on conviction by a court of competent jurisdiction in this Commonwealth.

The Neal and Craft Trial.

A telegram to the Courier-Journal from Lexington, says:

Information has been received that the Governor has not yet been called on by the civil authorities to furnish a military guard to protect the Asland murderers, Neal and Craft, on their removal at Catlettsburg. It is said that a strong organization has been formed in the district where the murders were committed to lynch the prisoners, as was done with Geo. Ellis, the third person implicated in the crime. In view of this, Governor Blackburn has stated his intention if called on to send a sufficient force of soldiers with cannon to support the dignity of the law, if the whole county of Boyd has to be killed in the duty of protecting the prisoners. The military here and elsewhere in the State have been notified to hold themselves in readiness to assume this duty whenever called upon.

A SPECIAL to the Cincinnati Commercial, dated the 23d inst., from Lexington, says:

Neal and Craft were not taken to Catlettsburg to-day for trial, as it was reported they would be. The Lexington Guards are under orders to go there to help protect them, but it is not yet known when they will move. It is reported that other troops, the First Battalion of Louisville, one hundred and forty men, a section of the Louisville Light Artillery, Frankfort and Maysville companies, all commanded by Colonel Castleman, also go. Neal and Craft refuse to talk further about the murder.

Quincuplexal.

Charley Shay's world renowned Quincuplexal combination will give an entertainment at the Opera House next Monday evening, the 30th inst. The programme embraces more humorous features than have been presented by any company that has exhibited here for years. It is one round of fun from beginning to end and is sure to please all who may go to see the troupe. The Pittsburg Post, says:

Charley Shay's Monster Quincuplexal at the Academy of Music was greeted last evening by decidedly the largest house of the season. The house was crowded from parquette to dome, indeed to such an extent that standing room could not be obtained, and many were turned away, being unable to gain admission. Seldom is our city visited by a show which presents so much variety as does Charley Shay's. The troupe embraces two full first-class bands of music, which, during the performance, render exquisite music. The Chinese giraffe dance by Charley Shay, took the people by storm. The entertainment concluded with a laughable burlesque and pantomime. This evening is the last appearance of this excellent troupe in our city.

MAYSVILLE Eagle: It is to the interest of every Democrat in Mason county who expects ever to be a candidate for any district office to see to it that the entire strength of the party shall be brought out for Col. MR. D. J. REES, the School Commissioner, has requested us to say that the teachers of the county who were unable while at the institute last week to give the exact grade and date of their certificate, will please send copies of same to Mr. W. D. Hixson, of Maysville. All teachers who failed to go to the institute will be required to have their certificates renewed by the first Saturday in November, and every teacher who fails to have his certificate properly recorded in the examiner's office by the 4th day of November will not be permitted to draw any of the state funds. The school law is very plain on this subject, and the commissioner makes this notice that the trustees and teachers may govern themselves accordingly.

Tribute of Respect.

At a meeting of the employees of Cox & Poynter, plow manufacturers, on Wednesday, October 18, 1882, the following resolutions were adopted. On motion C. W. McCalanahan was chosen chairman and Ben. McClanahan, secretary of the meeting. The chairman having stated the object of their being called together, it was moved and carried that a committee of three be appointed by the chair to draft resolutions expressive of our sorrow over the sad fate of the late Edwin H. Poynter.

The following persons were appointed as the committee, Ben. McClanahan, Bukey Wilson, and W. H. Rider.

Resolved, That it is with the deepest sorrow and regret we are forced to realize the sad intelligence of the untimely death of our friend and employer E. H. Poynter. Having been associated with him, as workmen, for the last six or seven years, we learned to love and respect his many good qualities of character. Himself a self-made and self-educated man he knew how to appreciate the work and efforts of those who are laboring with their strong arms to develop and build up the manufacturing interests of our city.

Resolved, That in his death our manufacturing interests have suffered an irreparable loss as his whole life and energy seemed directed to their development and that our city has lost a valuable and useful citizen.

Resolved, That we shall always treasure in our memory his kind disposition and manly efforts to promote our welfare and that a copy of these resolutions be sent to his father, brothers and immediate friends or published so as to reach them.

BEN. MCCLANAHAN,
BUKEY WILSON,
W. H. RIDER, } Committee.

COL. HURT will bring out the full strength of the democratic party in the Ninth District, and Mr. Culbertson will only waste his money in trying to keep a Republican minority corralled.—Yeoman.

The above is true if every Democrat in the district will do what is expected of him.

THE New York Sun says:

The colored people seem determined not to be the slaves of the Republican party. They feel that they must think and act for themselves, and the movement for recognition of the political rights is spreading among them. Their latest Convention was at Newport on Wednesday, and they then declared that Republican colored voters had not been properly treated by the party in power, and that they were yet servants of that party. They resolved that any man who permits his vote to be corruptly influenced is a traitor to manhood and to his race. That is a good resolution, and one over which every voter ought to ponder, whether his skin be white or black.
